“ April you were a dear friend and sister to me. I love you and know you're in a better place now. I hope to see you again in this life and the next. You were always there for me and I wish I would've been there for you as much as you were for me. I'm so happy that I did get to know you and go through the cracks in life together. I wish you were still here so I could give you a giant hug and see that genuine smile you always gave. My heart goes out to you and your family. Forever and always tick

“ April was one of the sweetest people I know, and very good at her profession. I am the client who followed her to every business she worked at cutting hair over several years. She was so good hearted. I am 61 and through the last 40 years found no one as good at styling as April. She and I had talks that made us both laugh and enjoy seeing each other every time she cut my hair, with a real friendship growing from that. My heart hurts for every member of her family and how all of us will miss her greatly. Just know her spirit is within each of you and she is still in your soul and hearts forever. April, I will miss you so much as a friend. May God hold you in the palm of His hand and love you eternally. You are free now and your spirit is inspiring to many people. Your friend and client, Jesse Arlen Zumwalt.
