“ M.C. Precious Friend, will always hold a special place in my heart. I am lucky to have so many fun memories of the things we did together. My favorite memory is when she found out she was going to be a Mother to a little baby girl!!! She couldn't get home fast enough! “ I am fortunate to be a member of the Class of 1970 and had such a great time through the years with Mary Carol. Her smile, quick wit and sense of humor was a ray of light to all who was around her. So many of us did not know of her health struggles and are sad we did not reach out sooner. Sending peace and God's love to Jay and all of her family. Patti Drennan

“ From the time I was part of their wedding, I knew MC was going to be a wonderful addition to our family. She was a beautiful person and a perfect wife for my brother. She made my brothers life complete and helped him raise their children, Marla and Ethan. Our lives will be more empty without her.

“MC and I were classmates at Medford High. We were friends. We were onery as all get out. We kept each other's secrets we made memories and laughter. She lived just north of our north farm literally by the entrance to our north wheat field. We made so many memories and had so much laughter. The harvest hands set up shop in Paul's round top and we had a war with them each year. One year we sneaked in and dip their finger in warm water as they slept. I was surprised they let us live on that one. The next year they were awoken by cherry bombs being tossed in a metal round top. Man, did the words fly as we laid on the ground hiding in the evergreens dying with laughter. The next year they were ready for us. Feigning sleep as we sneaked in they jumped us with super soaker. Lord the screaming and yelling. We looked like drowned rats when those guys got through with us! Then Paul came out to see what all the noise was about. We had some explaining to do! And then we made peace over a beer and left over cake Mildred brought out. The sleep overs that Mildred threaten us with our lives if we didn't quit laughing and go to sleep. Skinny dipping in my dad new deep pond in the north forty. Girl friends setting on Main Street sharing 7-up and slow gin. Sun bathing on top of a wheat truck. Alumni dinners in the city where picked up like we had never left off. Probably the closest thing to a friend I ever had. She was so gifted. I sat in the stands in OKC and watch her daughter at horse show as MC educated me on judging and fundamentals of showmanship. She educated me over home work. I educated her in how to really drive a Mustang. I am so honored to have had her in my life. You will be missed but I know it won't be too quiet in heaven now.

“ *MC always made sure all of us kids in Marla's class had the BEST parties and she made absolutely sure no one was ever left out. I was always impressed by what a great a mom she was. Her inclusive spirit and boundless love for her family will never fade.*
