“Joyce, Thank you for your posting and as well as sympathies. I am Jerry's son and have seen a couple of your postings in regard to genealogy. Jerry was a bit hard to reach because he wasn't listed in the phone book many years. He had lived in LA until he retired and ended up a place called Canyon Lake and enjoyed a successful retirement. If you can, feel free to contact me at bowbox9@gmail.com as I would like to hear more about our ancestry if possible.

“Dear Ones:
I am Jerry's cousin. My Mother, Elsie Mae Bowers, is sister to Garnet. I do genealogy and could not find Jerry anywhere. There are so many of them and wasn't certain but thought he was in Arizona or California.
I am sorry to get the news this way, though. And I also tried to find Harvey but was not sure of him either. Thought he was in Arizona. My condolences to all of you in his death. I loved my cousins and we spent many happy years playing together until World War II when people started moving around. I am 81 years old.

“Dear Family, Sorry to here Jerry is no longer with us. I worked with Jerry for 20 plus years at Marquardt in van nuys as well made many trips to vegas. We had a lot of great times together over those years. After the Marquardt days lost track of him very sorry for that. He really was a personable guy and will be missed.
