“ *The family of Nelia: I grew up with some of you and remember your parents well. Our families visited back and forth, and of course, the children played together and enjoyed our time together. Nelia was a very special person, we loved her very much. My parents are buried at Springcreek, as well as my grandparents and other relatives. Our thoughts and prayers are with Nelias' family at this time. God Bless.*

“ *Loved her more than I sure she ever knew. Like Granny Timmer-Vance she had many wise, joyful and comforting witty words to share. Alberta I know your loss goes deep and know that I am praying for her. Hug Aunt Opal for me

“ Alberta and family:

So sorry we couldn't attend the services for your mother. I know that this is a bittersweet time because it is so hard to watch them become unable to do all they used to and still have the drive to be "useful". Just know that there are people everywhere praying for you as you adjust to the loss. You've come through so much, the Lord will get you through this. Each day will get a little easier and He will give you purpose as you help your children the way your mother took care of hers. She's hoed her last row and now she can rest at the end and wait for the rest of us to catch up with her there.
