“ *I have so many memories of her and I. Spending the night together listening to music all night. Working at the Furniture Factory in Carnegie when i was 16 and her 23. There was this sharp curve going into town she made me promise everyday I would go slow, she knew I wouldnt and she and I would scream all the way around the curve then laugh then she wanted to kick my butt. Needless to say we did the same thing every day for months. We spent so many nights at her place cooking and her teaching me how. We loved the same music rock. One night we went with Aunt Donna and Aunt Brenda to Saddleclub in Chickasha(country). Aunt Brenda finally told us we could go outside cause all me and her did was laugh to no end at the country music and at Aunt Donna go go dancing on top of a table. These are just a very few of all the fun we had together all our lives. I will never quit loving you and thanking God you were my Aunt Patsy.*

“ *The Memories are what I will have & I will carry you in my heart so that we will never be apart. What a wonderful family we have. So it says I can share a memory about you Aunt Patsy. There are so many that we share and for that I am extremely grateful. A couple of weeks ago we were reminiscing and you told our favorite Christmas story and we laughed together. It was about Christmas time in 1989 when we lived in Lawton. You had prepared Christmas dinner but Tena and I tried to get away with grabbing a snack from Taco Bell and tried to sneak that little bit in while we were waiting to eat. You caught us & were upset with us that day and said forget about Christmas and all the work that I put into it. So you threw the Christmas tree through the window. It was one of those, you had to be there moments. We all laughed and we all made up and of course Tena and I did all the dishes & replaced the window. Aunt Patsy and I have laughed about that for years! I wish Tena could've been there to laugh with us. Aunt Patsy also tried to teach me to cook but I accidentally food poisoned everyone. No matter what I did she always laughed and kept showing unconditional love. I love you Aunt Patsy and I will see you again. The sky will be brighter shining down from heaven with that great big smile of yours. Thank you for being in my life because I have truly been blessed with the gift of all these great memories. I know what Aunt Patsy would probably say if she could right now. She would say love one another and you only have one family so treat them well and cherish them. I will end this by saying not goodbye, but see you later. Love your niece, Laurie Mccauley*

“ I will never forget the time Lori & I went to the public pool with Aunt Patsy while mom was working. We dared her to jump off the high dive (which was pretty far up) well if you know Patsy you know she did just that! We watched her jump but she never came up. She was wearing a bright red bathing suit so she was easy to spot. She was laying in the bottom of the pool due to knocking herself out. It's true!! She was proving a point & hit her head. The life guard jumped in to retrieve her & once she woke she laughed her head off.....she said, now tell me I won't jump 🤪 great times with Aunt Patsy for sure... she kept us laughing!

We will miss you ❤️ But until then we'll wait for that special day to be reunited!

Love you Aunt Patsy
