“ I only met Renee once at Veronicas Graduation and it was so chaotic that day we didn't have time to talk much. I can say however that she has been a wonderful, loving Mother to my best friend Veronica. She raised a beautiful, intelligent, kind daughter who has made a world of difference in so many life's including mine especially. She's left this place but also left someone who shines light on everyone she touches. As a Mother myself this is the one wish I have when I leave, that the world is a better place because of something I have created. She has done this and more and it's all we can really hope for. My deepest condolences to all of the family. Angela Shuckahosee ❤️
