“ I met Richard in 2003 when he came to Reading Pa. I thought we got off on the wrong foot when he became my supervisor. Boy was I wrong. My first meeting with Richard was a small fight about how to run a machine in the packaging room at SSC. Then I applied for a job and yes I found out it was working for Richard. Man I thought for sure I had NO chance. But as I found out I could not have been more wrong. When I met with him for the job he told me right out it's mine without even interviewing me. I did not know what was going on, so I asked him. Really are you sure. He said 100%. I want someone who is not going to be afraid to speak their mind and take a chance, I know that is you. He seen what others at SSC did not. I can't thank him enough. Because of Richard I became a Supervisor myself and had a very good friend in Richard. I not only became close with Richard but also his family and I am more grateful then they will ever know. Plus Richard and the family needed me to take care of the cat when they went out of town.... Ha Ha He is watching over all his family and friends and I am grateful until we meet again. Tina Chamuras
